change proposed	musical symbols	 to 	o_stroke	Latin Small Letter O with Stroke	U+00F8	Latin-1 Supplement	U+0080 - U+00FF	small	Redesigned glyph to be distinct from uppercase Ø. This glyph is used by musicutil.lib so I suggest revisiting which of the styles (small, full, superior) we want to use. Could affect existing scripts.
									Redesigned glyph to sit on baseline rather than extending 1 pixel below. This appears more consistent with text-based music fonts as opposed to scoring-based fonts.  In addition to existing chord names now being uniform in height, script authors may use the extra 1-pixel headroom for superscript glyphs which can be more horizontally compact.
change proposed	music symbols	 to 	flat	Music Flat Sign	U+266D	Miscellaneous Symbols	U+2600 - U+26FF	full size	I do not see this negatively affecting existing scripts.
change proposed	mathematical	 to 	tilde	Tilde	U+007E	Basic Latin	U+0000 - U+007F	full size	Shifted tilde placement down to be more consistent with standard usage and other mathematical operators (~+==×). Could affect existing scripts.
